DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS BEFORE USING THIS PRODUCT

Shake Well Before Use

GENERAL INFORMATION

This product is a ready to use spray. Shake well before using.

This product controls listed insects on contact or by ingestion. The product acts on insects by way of repellence, anti-feedant action and interference with the molting process. This product controls listed diseases by inhibiting mycelial fungal growth. The efficacy of this product is dependent on weather conditions, intensity of pest population, area of application, and physical stages of pests and crops.

CROP USES

This product may be used on bulbs, cucurbits, fruiting vegetables, leafy and brassica (cole) vegetables, legumes, root and tuber vegetables, small fruit and berries, citrus and tropical fruits, pome and stone fruits, tree nuts, herbs and spices, grass, lawn and ornamentals.

APPLICATION AND DRENCH DIRECTIONS

Apply this product as a foliar spray or as a soil drench to control listed pests. When applied as a soil drench, avoid excessive runoff. When using as a foliar application, ensure thorough coverage of plant surfaces, but avoid pooling or runoff.

Avoid spraying under conditions of high humidity and high temperature (>90°F). To avoid potential leaf burn, apply the product in early morning or late evening. Always test the product on a small portion of plants for compatibility before treating the entire plants.

(1) To Control Insects or Mites: Apply this product at the first sight of insects/mites in a 7 - 10 day interval. For heavy insect populations, apply in a 7 day interval. This product is most effective when applied before insects or eggs are present in large numbers.

(2) To Control Diseases: This product is most effective in controlling diseases when applied as a preventative before the diseases are present. Apply the product to cover all the plant tissue in a 10-14 day interval.

(3) To Control Nematodes and for soil use: Apply to achieve a complete coverage of the soil with a 10-14 day interval.

PESTS

This product may be used to control a variety of insects and diseases listed below.

Aphids such as: Cotton Aphid Cowpea Aphid Pea Aphid Green Peach Aphid	Grasshoppers such as: Carolina Grasshopper Rice Grasshopper	Scales such as: California Red Scale Coffee Green Scale San Jose Scale Soft Scale

	Mites such as: Pacific Spider Mites Red Spider Mite Spider Mites Two Spotted Spider Mite	

Flies/Gnats such as:	Psyllids such as:	Whiteflies such as:
Fruit Fly	Asian Citrus Psyllid	Cotton Whitefly
Fungus Gnat	Pear Psyllid	Silverleaf Whitefly
Walnut Husk Fly	Potato Psyllid	Greenhouse Whitefly

Foliar Fungal Diseases

Alternaria	Downey Mildew	Scab
Anthracnose	Molds	Stem Mildew
Blight (early, late leaf)	Powdery Mildew	Southern Blight
Black Spot	Rust	Sour Rot Grapes
Brown Rot or Fruit Rot		
Botrytis		

Soil Fungal Diseases

Fusarium Oxysporum
Pythium
Rhizoctonia Solani

Nematodes such as:

Dagger Nematode	Reniform Nematode	Soybean Cyst Nematode
Lance Nematode	Root Knot Nematode	Sting Nematode
Lesion Nematode		

STORAGE AND DISPOSAL

Store in room temperature (>72°F) where possible. Do not store this product above 104°F for extended periods of time. Avoid storing below 35°F to prevent freezing. Store out of reach of children and pets and away from direct sunlight, windows, flames and other sources of heat or ignitions. Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

WARRANTY
